About the Workshop

Mooting is an art of presenting an issue before the opposing counsel and the judge. It enables a law student to ponder upon complex legal issues. Mooting is not just presenting a proposition but also an application of those propositions to argue for the relief prayed for. In order to inculcate this technique to the law aspirant, Rajasthan School of Law for Women is organizing RSLW Second National Moot Court Training Workshop in virtual mode.

The workshop is being conducted with the aim to provide a platform for upcoming lawyers where they can learn mooting skills. It is critical to engage with the bench, this requires good research work along with courtroom mannerism. Taking into account all these facts the course structure of the workshop is designed to impart overall learning about moot and mooting skills to the participants.
