OUR CAMPUS

MOOT PROPOSITION

PART – 1, August, 2022

Before the Hon'ble High Court of Pasoori

BACKGROUND

Indica is a democratic country having a billion population and vast land consisting of grasslands, forests, mangroves and mountains covered with snow. To Indica's west is Pasica and to the east is Chivaca. The billion population of Indica has been hailed as the biggest asset for the foreign businesses to expand their market. However, this also comes with the burden of providing education, health and employment to the ever growing population. It is also a matter of concern to carry growth amidst the concerns of environmental degradation and climate change.

THE CASE

In month of August 2022, an NGO named 'People for Environment' (PFE) filed a writ petition at the High Court of Pasoori that a factory 'Shian Tech Pvt. Ltd.' (STPL) was carrying out business since the year 2020 without obtaining the mandatory 'Environmental Clearance' (EC) under the Environmental Protection Act, 1986. It prayed before the Hon'ble High Court to immediately pass orders to stop the operations of STPL immediately. STPL has maintained that it is not mandatory for them to obtain the environmental clearance and they have not been involved in degrading the environment, hence they should be allowed to continue their operations. Meanwhile, PFE has maintained that in environmental jurisprudence Precautionary Principle applies and hence causing of pollution is immaterial and Environmental Clearance is mandatory. High Court of Pasoori deemed the matter to be of grave importance and posted it for hearing from the first week of September 2022.

SOME RELEVANT FACTS THAT CANNOT BE DISPUTED

The communication of the Pasoori State Pollution Control Board (PSPCB) to STPL has made it clear that Environmental Clearance is not mandatory to operate the factory. Instead, a certificate of commencement of business is sufficient. PSPCB carried out an enquiry and found that STPL had not caused any environmental pollution. The Government of Indica budget report notes that STPL had made substantial contribution towards revenue generation and foreign exchange reserves.

The issues before the High Court of Pasoori are as follows :

1. Whether the petition filed by the NGO is maintainable?
2. Whether obtaining of Environmental clearance is mandatory under the Environment Protection Act, 1986?
3. Whether the "freedom of trade" of STPL is violated if the operations of the factory is stopped?
4. Does the continued operation of STPL constitute a violation of right to environment?

Note : Indica is a democratic country having a Constitution and Laws similar to that of India.

The moot problem being the property of SLC, shall not be used by any organisation, college or institution.
